Mr. Rodrigo Olea
Associate Professor,
Departamento de Ciencias Físicas,
Facultad de Ciencias Exactas,
Universidad Andrés Bello,
Santiago,
Chile

Geneva, 11th December 2017

Dear Mr. Olea,

We are pleased to confirm your registration for participation in the "CERN Winter School on Supergravity, Strings and Gauge Theory" which will be taking place at CERN, the European Organization for Nuclear Research, from 12th February 2018 to 16th February 2018.

Given that the Organization is located on the border between France and Switzerland, you are invited to take the necessary steps to obtain the requisite entry documents, in particular a visa valid for the Schengen member countries.

In view of the extremely high cost of health care in Geneva, all visitors to CERN are expected to ensure that they have health insurance cover valid for Switzerland for the duration of their stay, covering illness and accidents.

We shall look forward to welcoming you.

Yours sincerely,

CERN
Theoretical Physics Division
