Dear Prof Olea

We are very pleased to invite you to visit our Theory Group at APC in Paris from February 25nd to March 7th, 2018 and to give a talk at our 2nd workshop entitled "Topics on AdS-CFT and hairy black holes II" which will take place in our precincts during the period of your stay.

You will be provided with an office and standard computer facilities during the whole duration of your visit. We are looking forward to hearing about your recent results and to developing our collaborative works.

We are looking forward to seeing you

Yours sincerely

Nathalie Deruelle
Director of Research at CNRS,
