

Paris, July 3rd 2022

Prof. Rodrigo Olea
Departamento de Ciencias Físicas
Facultad de Ciencias Exactas
Universidad Andrés Bello

Dear Prof. Olea:

This is an official invitation for visiting the *Centre de Physique Théorique* of Ecole Polytechnique from October 31st to November 11th 2022. During this period, you will have full access to all Ecole Polytechnique facilities. The plan would be to make progress on the various projects we have been elaborating over your former visit (modified gravity and flat holography, duality properties).

Looking forward to seeing you,

P.M. Petropoulos – Directeur de Recherches CNRS
